

MT Series

MORTAR FLOORING SYSTEMS

Brilliant MT-3MEU

- ① Prepared Concrete
- ② Mortar Mixture
- ③ 100% Solids Epoxy
- ④ Urethane w/ DiamondWear

System Description:

The Brilliant MT-3MEU is a high-performance aviation mortar system. The system begins with a layer of mortar mixture. The mortar mixture is then coated with a layer of 100% solids epoxy. The system is then top coated with a layer of aliphatic urethane enhanced with DiamondWear, a high wear additive.

System Advantages:

- Cap restoration
- Extremely high compressive strengths
- Extremely high impact and abrasion resistance
- High chemical resistance
- Moisture vapor tolerant
- Complies with VOC regulations for Industrial Maintenance Coatings in the OTC and CA
- Quick turnaround/return to service
- Seamless
- Extremely low odor
- Lasts twice as long as standard urethanes; up to four times as long as standard epoxies
- Light stable, satin finish maintains fresh look in hangar floors
- Available in a wide array of colors

System Installation Overview:

1. Saw cuts, divots, pits, and small defects to be patched and filled with 100% solids epoxy.
2. Apply a layer of Mortar Mixture at 3/16"-1/4".
3. Apply a layer of 100% Solids Epoxy at 8-10 mils.
4. Apply a top coat of Urethane with DiamondWear additive at 3-5 mils.
